MEMORANDUM FOR DISTRIBUTION

SUBJECT: Department of Defense (DoD) Unified Capabilities (UC) Approved Products List (APL) approval of the PacStar 442 Tracking Number (TN) 1536002 as an Assured Services Local Area Network (ASLAN) Access Switch

Reference: (a) DoDI 8100.04, “DoD Unified Capabilities,” 09 Dec 2010
b) DoD CIO “Unified Capabilities Requirements (UCR) 2013,” Jul 2013

1. DoD UC APL approval of the PacStar 442 TN 1526002 as an ASLAN Access Switch has been granted. This product is a ruggedized version of the Cisco ESS 2020 Rel. 15.2E TN 1420903 with no alteration of the previously approved components. This approval is effective upon the date of this memorandum and expires 21 Sep 2018 unless a critical issue is identified that invalidates the IA posture of this product as determined by the Chief Information Officers (CIO) for Combatant Commands, Services, and Agencies. Please note that Services and Agencies are required to recertify and reaccredit their systems every three years. Please refer to the UC APL for official posting of this solution at the following URL: https://aplits.disa.mil/apl.

2. This product/solution has not undergone complete UC APL certification testing but has been operationally validated and is being placed on the APL per Fast Track process referenced in Section 3.4.1 of the UC APL Process Guide.

3. Questions pertaining to this solution may be directed to the Unified Capabilities Certification Office (UCCO) by government civilian or uniformed military personnel.
